

Oculus Prism

Bespoke Pendant Luminaire

Overview

A powerful statement of both minimal design and maximum performance. Free from the form factor constraints of conventional source technology Oculus has a stunning profile that helps deliver the desired ambience without intruding into the space. Oculus Prism is a bespoke version of our Oculus solution created with advanced microprism diffusers for improved glare control in office spaces of higher occupancy where balance of Visual, Emotional and Biological (VBE Index) is key to design. All bespoke solutions are subject to commercial approval and applicable MOQs.

For more information, contact one of our [Account Managers](#) or [Commercial Team](#) directly or [email us](#) with any questions or enquires. We would be happy to answer your questions and set up a meeting with you at one of our [offices](#).

Optics

- Prismatic diffuser optic for visual comfort in office environments and glare control in EN12464-1 and LG7 compliant schemes
- Output of up to 3289lm
- Efficacy of up to 133lm/cw
- Choice of 3000K 'warm' or 4000K 'cool' white colour temperature

Body

- Low profile spun aluminium body with chamfered edge detail for a thin appearance
- 3 into 1 point suspension kit supplied separately (3, 5 or 7 meters)
- Optional integral wireless Air Control, a simple, easy to commission lighting control solution
- Available with 3 hour integral emergency and COMEPEPS (incorporated within the luminaire)
- Emergency variants supplied with Lithium Iron Phosphate (LiFePO4) battery technology; featuring extended design life reducing replacement frequency to lower total cost of ownership, and advancing sustainability through support for end of life recycling
- 550mm diameter
- RAL Colour: Silver RAL9006. White RAL9003
- DALI as standard
